6th Class Hit the Right Note!

By Matthew and Emma

6th Class have just completed a music project. They may have woken the neighbours, got some complaints (maybe even a lawsuit?) but at least they tried!

We went from average musicians to prodigies thanks to Dabble Doo music. Using household objects they created brass, percussion and woodwind instruments. From every corner of our room could be heard blowing, tapping, deep sounds with shorts pipes and squeaky sounds with with longer pipes! There was lots of fun for everyone!

Sports Round Up

by Darragh

Under 12 Ballincollig Footballers and Hurlers won their county finals recently. The Cork U20s and Minors came to Scoil Barra. We had a good laugh and then they left. Cork is the best!

Early Morning Litter Squad!

When we do litter we aim to help the earth. We do it in the morning in our own free time. Litter Team.

Comedy Gold

with Maks and Mafu

Why doesn't Wally wear stripes?
Because he doesn't want to be spotted!

Where did the author go for a break?
The space bar!!

Why does the jack-o-lantern work with fires?
Because he's a 'pump'kin!!!

Kensuke's Kingdom Review

by Benjamin

Kensuke's Kingdom is a wonderful book by Michael Murpurgo. It has a 10/10 storyline. It is about a boy called Michael who gets stranded on an island with a man called Kensuke who has lived on the island for 50 years.

Checkmates!

by Gabriel

This term in chess we were learning the basics and other things like the Spanish opening and new stuff about castling. I think it was good fun playing with our friends and learning at the same time. My favourite part of the lesson was when our wits would meet on the board!

Our Final Nature Trek

by Christian

So it's our last Nature Trek..although it's sad that we won't have anymore, at least when we leave we can reminisce about our memories and the joy we had along the way trekking through nature.

Trip to the Gunpowder Mills

by caila and Sophie

On Wednesday the 25th of September we went with Ms.Doherty and the other sixth classes to hear about the Gunpowder Mills. We learned about how it was made and what all the buildings were for. It was great fun and interesting.
